Experience

Oltek Solutions Corp / Hayahai

Software Developer Consultant | May 2026 - Present

Software Developer Intern | Jan 2026 - Apr 2026 | 500 Hours

Hybrid

- Contributed to a multi-tenant SaaS logistics platform supporting ferry and shipping operations, including passenger, vehicle (RoRo), and cargo management workflows.
- Built a white-label customization system that enabled tenant-specific branding, layout configuration, typography, and dynamic UI personalization.
- Developed and maintained RESTful APIs using NestJS to support booking, rebooking, transfers, ticketing, and logistics operations across multiple tenants.
- Designed and optimized PostgreSQL database schemas to ensure scalable architecture, secure tenant data isolation, and efficient query performance.
- Built and integrated BI dashboards to provide operational insights into bookings, scheduling, transport performance, and business metrics.
- Collaborated on frontend development using Next.js, implementing dynamic interfaces and ensuring seamless API integration between frontend and backend systems.
- Supported cloud deployment and DevOps workflows using AWS and Azure, contributing to environment setup, deployment processes, and infrastructure maintenance.
- Used Git-based version control in a collaborative development environment to manage feature development, bug fixes, code reviews, and release workflows.
- Debugged and resolved production issues across booking systems, APIs, and third-party integrations to maintain platform reliability and operational continuity.

Freelance

Full Stack Developer & Team Lead

Remote | Feb 2025 - Present

- Led a team of 4 in developing a full-stack e-commerce platform for digital document sales.
- Designed and implemented backend architecture, APIs, and database schema for core platform functionality.
- Developed frontend interfaces and integrated backend services for a complete end-to-end system.
- Optimized application performance (caching, asset optimization), improving load times by ~80%.
- Managed deployment, domain configuration, and cloud hosting, ensuring system reliability and uptime.
- Translated business requirements into technical solutions and delegated development tasks across the team.
- Oversaw testing, debugging, and system maintenance to ensure stable production releases.

Education

Bachelor of Science in Information Technology

Cebu Institute of Technology University

Aug 2022 - May 2026

Skills

- **Web Development:** React.js, Next.js, Node.js, NestJS, Spring Boot, Django, Tailwind CSS, REST APIs
- **Languages:** TypeScript, JavaScript, Python, Java, Kotlin, Rust, PHP, SQL, C, C++
- **Databases & Backend Services:** PostgreSQL, MySQL, MongoDB, SQLite, Supabase, Firebase
- **AI & Automation:** UiPath, Microsoft Power Automate, Activepieces, OpenAI API, Gemini API, Claude API
- **Mobile & Desktop Development:** React Native, Android (Kotlin/Java), Electron, Tauri
- **Cloud & DevOps:** AWS, Azure, GCP, Git, GitHub, CI/CD
- **Security & Network Tools:** Burp Suite, Wireshark, OWASP Top 10, web application security testing

Achievements and Certifications

TESDA AI Training Certification	May 14, 2026
Capstone Finalist for Pitch Perfect in CIT-U	Nov 29, 2025
Champion - Coding Prompt Quest, Proweaver PH	Sep 9, 2025
AWS Academy Graduate - Cloud Foundations - Training Badge	Sept 22, 2025
Object Oriented Programming Java Certification Cebu Institute of Technology University	May 31, 2024
Huawei Data Communications and Network Technology Certification Cebu Institute of Technology University - Cert No: ICT20230304000068	2023
Huawei Data Storage Certification Cebu Institute of Technology University - Cert No: ICT20250908000009	2023
Basic C Programming Fundamentals Certification Cebu Institute of Technology University	May 24, 2023
